

MWM Cultural Phrases & Regional Dialect By City

This document covers culturally significant jargon, AAVE, and regional phrases for all MWM cities (Part 1, Part 2, Part 3 Expansion, and Replit Built-ins). These phrases should be used by Kinfolk when the user is in that city, and on endorsement badges to make the app feel hyper-local and authentic.

HOW REPLIT SHOULD IMPLEMENT

- Each city has a `regional_dialect` profile containing these phrases.
 - Kinfolk uses regional phrases when the user is physically in or exploring that city.
 - Community endorsement badges use culture-appropriate language alongside regional slang.
 - Example: A Nigerian restaurant in Houston gets "Naija Approved" badge + "H-Town Certified" regional tag.
 - The phrases should feel natural, never forced — Kinfolk speaks like the community it's serving.
-

Philadelphia, PA

Kinfolk / Endorsement Phrases:
